Classifications Data Dictionary

Product_hs92 (2012)

Field Name	Description	Data Type	Notes
product_id	Growth Lab assigned numerical product identifier	Integer	
code	HS (1992) product code	String	
name_short_en	English short name of product	String	Growth Lab shortened version of official product name for display
product_level	Level of specificity of the code in hierarchy	Integer	One of [1, 2, 4, 6]
top_parent_id	Product id of class containing code at the top of the hierarchy, or product level 1	Integer	
product_id_hierarchy	Chain of product ids showing product hierarchy	String	

Product_hs12 (2012)

Field Name	Description	Data Type	Notes
product_id	Growth Lab assigned numerical product identifier	Integer	
code	HS (2012) product code	String	
name_short_en	English short name of product	String	Growth Lab shortened version of official product name for display
product_level	Level of specificity of the code in hierarchy	Integer	One of [1, 2, 4, 6]
top_parent_id	Product id of class containing code at the top of the hierarchy, or product level 1	Integer	

For more information on data sources and methodology, please see atlas.hks.harvard.edu/data

product_id_hierarchy	Chain of product ids showing product hierarchy	String	

Product_sitc (Rev. 2)

Field Name	Description	Data Type	Notes
product_id	Growth Lab assigned numerical product identifier	Integer	
code	SITC (Rev. 2) product code	String	
name_short_en	English short name of product	String	Growth Lab shortened version of official product name for display
product_level	Level of specificity of the code in hierarchy	Integer	One of [1, 2, 4]
top_parent_id	Product id of class containing code at the top of the hierarchy, or product level 1	Integer	
product_id_hierarchy	Chain of product ids showing product hierarchy	String	

Product_services_unilateral

Field Name	Description	Data Type	Notes
product_id	Growth Lab assigned numerical product identifier	Integer	
code	Growth Lab assigned categories	String	
name_short_en	English short name of product	String	Growth Lab shortened version of official product name for display
product_level	Level of specificity of the code in hierarchy	Integer	One of [1, 2, 4, 6]
top_parent_id	Product id of class containing code at the top of the hierarchy, or product level 1	Integer	
product_id_hierarchy	Chain of product ids showing product hierarchy	String

Location_country

Field Name	Description	Data Type	Notes
country_id	United Nations Country M49 Codes	Integer	
name_short_en	English short name of location	String	Shortened name of location used for display
iso3_code	3-character ISO country code	String	Follows ISO 3166-1 alpha-3
Legacy_location_id	Previous Growth Lab assigned numerical location identifier	Integer	

Location_group

Field Name	Description	Data Type	Notes
group_id	Growth Lab assigned numerical location identifier	Integer	
group_type	Classification of group	String	One of ['world', 'region', 'subregion', 'continent']
group_name	English short name of group	String	
parent_id	Group id at next level up on hierarchy	Float	
parent_type	Classification of parent	String	

Location_group_member

Field Name	Description	Data Type	Notes
group_type	Classification of group	String	One of ['world', 'region', 'subregion', 'continent']
group_name	English short name of group	String	
group_id	Growth Lab assigned numerical location identifier	Integer	
country_id	United Nations Country M49 Codes	Integer
